**IT'S ALL  
ABOUT ▶ YOU**

**IF YOUR COMPANY IS FACING A STAFFING REDUCTION, WE ARE HERE TO HELP.**

## THE SERVICES

By partnering with the Employment Transition Team (ETT), we can help connect your affected employees to current jobs to avoid a lapse in employment and the need to file for unemployment benefits.

Our dedicated staff work to identify the current skills and experience of your affected workforce. We can hold informational meetings to assist them with employment services and unemployment benefits. Our services can be customized to meet your needs--providing career counseling to employees, set up a mobile career center on-site or nearby, or answer questions about current jobs and unemployment benefits.

## THE ETT ADVANTAGE

- ▶ Helps reduce the stress on affected employees, resulting in increased productivity, lower absenteeism, better morale, and employees are more likely to stay on the job until their release date
- ▶ Affected employees return to work quicker, resulting in lower unemployment insurance costs
- ▶ Decreased risk of employee sabotage
- ▶ Public perception of the employer may be less affected
- ▶ Alleviates some of the burden on the employer's HR team
- ▶ **Best of all, you will feel less pressure and more confident about the future of your employees**
