

MoRE State Employee Suggestion System (Proposed Revision)

Other Proposed Revisions:

Agency Coordinators may forward any suggestion to be placed on a state-wide suggestion "bulletin board." State agencies can review the bulletin board periodically to see if a posted suggestion could help them.

Twice each year, Agency Coordinators submit a report to OA outlining the results of the program in their agency.

Every year, each agency may submit one nomination for "Suggestion of the Year" to be recognized during the annual State Employee Recognition Day Ceremony.

*The agency can still send the employee a thank-you letter or Certificate if appropriate
